

A word of administrator to solution failure of telephones of houses

Dear homeowners,

we would like to give an information about ready changing system of phone of houses for houses River Lofts on address Varhulíkové 1578/14, 1579/16, 1581/22 and 1582/24, Prague 7. There is not possible to repair currently system not even substitution some of parts. We have tried to repair it physically, but it does not work. There is possibility to placing completely new system 2N, which was installed last year from same reason like installation in house 1580/18. There was written pitch for delivery and installation when we are proposing all its phases with request about decision voting per rollam.

Main advantages IP phone firm 2N against usual systems:

- IP technology, date cabling and passive/active element
- Communication through SIP protocol
- Distant control whole system above the Internet (when the system will be connected to the Internet in future)
- Possibility to spread system, for example to attach protection of doors, monitoring functions, video cameras, access system, etc.
- Simply control
- Used technology is really advanced and it is guaranteed long working of similar systems and possible addition or changing defective components.
- Conference video calls anywhere in objective
- It is used operating system android at videophones in flats, it is real to install application from google play (weather, emails, calendar, YouTube, the Internet browser, browsing photos, videos etc.)
- Permanently improvement and spreading functions in future

In basic variation there will be ordered and delivered audio phone, **type- WELL 3170IB**, black colour, **1.260 Czech crowns with VAT** all housing units, which will be covered fully by fund of repair.

In case interest, the owner of unit might order some of these alternative apparatus.

Type	Price+ VAT (for piece)	payment with VAT
Audio phone CISCO SPA301-G2	1 513,00	253,00
Videophone GXV- 3240	4 876,00	3 616,00
Videophone GXV-3175 v2	8 269,00	7 009,00
Luxury videophone Indoor Touch	16 319,00	15 059,00

Difference price between basic audio phone and selected (WELL 3170IB) will be paid by owner unit. If the suggestion is authorized to realization, all owners will receive order of extraordinary delivery with possibility serious order with term to decision.

Supplier firm ensures setting all phones and skilled all users in case the installation will be in fixed terms for changing whole system. Guarantee for made work is 5 years, on whole material 2 years. We are setting description of chosen types of phones in appendix, which are compatible with system. We will inform you ahead of time about installation. We will try to provide many terms as in the afternoon.

Finally, we are recommending this suggestion to authorization. Top supplier, company TK Servis Technology s.r.o. that ensured at past the same delivery for house 1580/18 and he has the best precondition for successful realization. As well as in guarantee for delivery and installation and post- warranty, outside- warranty service.

In Prague 13. 06. 2016

Sincerely

Blažek, spol. s.r.o.
